About Red Tail Road to 100

We are former Qantas staff dating as far back as the 1950's, and who got together in 2015 to form the Red Tail Road to 100 initiative – to reunite former colleagues by organising reunions around Australia. Since then we have grown to include fourteen chapters and a total of 68 volunteer committee members from around the world who organise reunions and events for our 2,552 Red Tail members. If you are a former Qantas or TN staff member and would like to know more – visit us on www.redtailroadto100.com and sign-up to become a member.
